

What is Claimed is:

1. A fastener assembly for attaching a paneled accessory to a vehicle, said fastener assembly comprising:
 - a two part fastener that interlocks with each other for mounting on said vehicle,
 - 5 said two part fastener having an aperture therethrough, and
 - a pin engaging said aperture of said two part fastener to interlock therewith sandwiching said paneled accessory to said vehicle.
2. A fastener assembly as claimed in claim 1 wherein said two part fastener comprises a first sleeve having a flanged end and a second sleeve having a flanged end,
10 said first sleeve slidingly fitting within said second sleeve.
3. A fastener assembly as claimed in claim 2 wherein said first sleeve and said second sleeve have an interlock means to secure the first sleeve to said second sleeve.
4. A fastener assembly as claimed in claim 3 wherein said interlock means is a barb mounted on each of the first and second sleeves.
- 15 5. A fastener assembly as claimed in claim 3 wherein said interlock means is a barb mounted on said second sleeve preventing said first sleeve from sliding off said second sleeve.
6. A fastener assembly as claimed in claim 3, wherein said pin has a shaft with a head at one end and a barb at an opposite end.
- 20 7. A fastener assembly as claimed in claim 6, wherein said pin is sized to sliding fit within said aperture and said barb engages said two part fastener in a snap fit.
